PROFESSIONAL SUMMARY

MERN Stack Developer with hands-on experience in building scalable and responsive web applications using **MongoDB, Express.js, React.js, and Node.js**. Skilled in developing **RESTful APIs**, implementing **JWT authentication**, and integrating backend services with modern React-based frontends.

Experienced in **state management using Redux Toolkit**, API integration with **Axios**, and client-side routing using **React Router**. Proficient in writing clean, reusable, and maintainable code following best practices.

Familiar with **full-stack development**, including database design, backend architecture, and deployment. Passionate about learning new technologies and delivering high-performance, user-focused applications.

SKILLS

Backend Architecture (MVC): Node.js, Express.js, MongoDB, Mongoose

Frontend Development (Component-Based): HTML5, CSS3, JavaScript (ES6+), React.js, Redux Toolkit

Styling & UI: Tailwind CSS, Bootstrap

Routing & API Handling: RESTful APIs, Axios, Fetch, React Router

Authentication & Security: JWT Authentication, OAuth 2.0 (Google Authentication)

Version Control & Collaboration: Git, GitHub

Deployment & Hosting: Vercel

PROJECT

- **GoPath** — MERN bus booking platform with seat selection, Razorpay payments, OAuth 2.0 authentication, and role-based dashboards.
- **Rentora** — Property rental web app with booking, wishlist, admin panel, and secure authentication.
- **Quizivo** — AI-powered quiz platform with dynamic questions, timer, leaderboard, and JWT auth.
- **HealthZorx** — Doctor slot booking system with profiles, schedules, and appointment management.

PROFESSIONAL EXPERIENCE

MERN Stack Developer Intern

08/2025 | Malappuram, Kerala

Bridgeon Solutions

- Developed **scalable full-stack MERN applications** improving overall application performance and responsiveness
- Designed and implemented **RESTful APIs with JWT authentication**, enabling secure user access and data protection

- Integrated backend services with React frontend, ensuring **smooth data flow and improved user experience**
- Collaborated using Git & GitHub, improving **code quality and team workflow efficiency**
- Debugged and optimized applications, enhancing **performance, stability, and load handling**

EDUCATION

Bachelor of Computer Applications (BCA) – *Pursuing* **Indira Gandhi National Open University (IGNOU)** **Start Year:** 2024 – Present
